Hi Mike:

I will plan on meeting you at CFAC at 1:00 pm, unless plans change.

FYI, Dick Sloan stopped by this morning and I brought him up to speed a bit on where we are on the project. He is planning on making it to CFAC at 1:00 as well.

Gunnar

Hi All,

For planning purposes, I will be leaving Libby, Thursday Morning and arriving @ CFAC around 1:00 pm. We can do a tour any time after 1:00 but we need to be done by 5:00 in order to make the CLP meeting. I also need to meet with Glencore and ROUX for a couple of hours prior to the CLP meeting. Please let me know what your arrival times are so we can plan this prior to next week. If needed I can get to CFAC earlier in the day to meet with CFAC folks.

Thanks,
Mike

Hi Mike,

Let's plan on a site tour Thursday before the meeting, if that's still okay with you. Just tell me when and where to meet. See you next Thursday.

Sincerely,
Susan

Works for me.

We'll miss you at this one.

Mike

Hey Mike,

Below is a very brief draft email to notify your availability for the CLP meeting next week. Did you want to include Jody as well in the notification? Not sure if she will attract the crowd like you and Susan. Let me know if you want to add any site update or other stuff. I'll plan to send this out 2 – 3 days ahead of the meeting. Again, sorry I can't make it to the meeting this time around. Thanks Mike!

Subject: EPA Update – CFAC Site

Good Afternoon,

You are receiving this message as an update about the Anaconda Aluminum Co Columbia Falls Reduction Plant site, also known as the Columbia Falls Aluminum Company (CFAC) site, in Columbia Falls, Montana.

EPA Public Availability: Mike Cirian, EPA Project Manager, and Susan Griffin, EPA Toxicologist, are planning to attend the Community Liaison Panel Meeting this week for the CFAC site:

- Thursday, October 5, 2017 @ 6 pm
- NVH Tea Kettle Community Room; 235 Nucleus Avenue; Columbia Falls MT

EPA staff will be available to provide updates about the CFAC site and address community questions and concerns.

Please share this information with other interested people. If you would like to receive these emails directly, please send an email to moler.robert@epa.gov. If you do not want to receive these updates, please respond to this email with "REMOVE" in the subject line of the email.
